Headquartered in Rochester, NY, JML Optical Industries is a leading designer and manufacturer of custom precision optical components and systems serving customers across a wide variety of industries and end uses. The company's custom designs are augmented by its catalog, which offers a vast supply of stock lenses and designs. JML primarily serves OEM manufacturers in the defense, medical diagnostic, life sciences, semiconductor, graphic arts, metrology and biometrics industries, as well as many others. JML employs complimentary production processes, utilizing both domestic manufacturing and overseas procurement, enabling the company to provide the highest level of product quality and responsiveness to its customers.
